

UNREAL
ENGINE

Unreal Training Partner Program

Program Overview

The demand for Unreal Engine skills is rapidly increasing across the globe. According to a 2018 survey conducted by Burning Glass Technologies, **the demand for Unreal Engine skills in the workforce is projected to grow 119% over the next 10 years.** Epic Games is committed to delivering world-class Unreal training and we know there are many out there who share our passion. For this reason, we have developed the **Unreal Training Partner Program.**

The Unreal Training Partner Program's purpose is to support those who commit to a high standard of Unreal Engine training. Being an Unreal Training Partner or an Unreal Approved Trainer means that Epic will support your training process so that together, we can ensure customers are getting the highest quality of Unreal Engine learning. Our aim is to give professionals the skills necessary to be better prepared for the constantly evolving and highly competitive job market.

Unreal Training Partners

As an Unreal Training Partner (UTP), your training center will deliver world-class Unreal Engine training to professionals.

The benefits of being a UTP are:

- Use of the Unreal Training Partner designation and logo
- Free access to the annual UTP summit (travel and hotel not included)

You may also receive:

- Training request referrals
- Access to Unreal training curriculum
- Promotion through Epic official online channels

To become an Unreal Training Partner, your facility must do the following to meet minimum requirements:

- Comply with Epic requests for information about your activities related to the program.
- Have at least one Unreal Approved Trainer (UAT) on staff.
- Offer at least one Unreal training course.
- Provide Epic with feedback relating to new and existing curricula.
- Pass training facility assessments by Epic staff.
- Agree to deliver the Epic Training Feedback Form to Unreal learners trained at your facility and report results to Epic.
- Maintain up-to-date hardware and software.
- Share course attendee contact information with Epic and, at the time of signup, provide notice to (and, if necessary, collect consent from) attendees that their information may be shared with Epic, and that Epic may use their information to contact them.

Application Process For Training Centers

If you meet the minimum requirements, we invite you to fill out the online application form. If the requirements are met, you will be contacted by Epic to schedule an interview.

We hope to have the pleasure of partnering with you in the future, and we wish you luck in the application process!

Unreal Approved Trainers

As an Unreal Approved Trainer (UAT), you will deliver world-class Unreal Engine training to professionals, independently or in association with an Unreal Training Partner.

The benefits of being a UAT are:

- Use of Unreal Approved Trainer designation and logo
- Free access to the annual UTP summit (travel and hotel not included)

You may also receive:

- Training request referrals
- Access to Unreal authorized training curriculum

To become an Unreal Approved Trainer, you must do the following to meet minimum requirements:

- Have all of your activities in connection with the program comply with applicable laws.
- Comply with Epic requests for information about your activities related to the program.
- Possess advanced skills and experience related to Unreal Engine use.
- Agree to demonstrate teaching skills to be evaluated by Epic, including but not limited to an annual test on new features.
- Provide Epic with feedback related to existing and new Unreal Engine curricula.

Application Process For Trainers

If you meet the minimum requirements, we invite you to fill out the online application form. If you meet the criteria, Epic will contact you for the second step of the application process which includes a follow-up interview and a teaching skills assessment.

We hope to have the pleasure of partnering with you in the future, and we wish you luck in the application process!

FAQ

How do I apply?

If you meet the eligibility criteria outlined, you can [apply online](#).

How will I know if my application is successful?

If your application is successful, you will be notified by email.

What if I don't get approved?

If unsuccessful, you may apply again after 6 months. There is a 6-month time period between applications to allow applicants time to work on improvements.

How much does it cost?

There are no fees associated with joining the Unreal Training Partner programs.

Does Epic pay or reimburse Unreal Approved Trainers or Unreal Training Partners?

As an Unreal Approved Trainer or Unreal Training Partner, you are responsible for all incurred expenses related to the program. Epic will not reimburse personal or business expenses or equipment costs related to your participation in the program or any activities related to Unreal Engine training services.

What support will Epic provide?

Epic may promote your training center on our website and/or other official online channels. During the probation period for UTPs, we will evaluate the training center's status and discuss ways to overcome challenges. We will also refer customers to your training services where appropriate.

What is the probation period and how long does it last?

During the first 6 months in the Unreal Training Partner Program, Epic will review and monitor your activities. After the 6-month probation period, reviews and authorization renewal will be undertaken annually.

Is this program available in other languages?

At this time, the Unreal Training Partner Program is available in English only.

Does Epic provide certification for classes offered by UTPs?

We do not offer certification for Unreal Engine classes at this time.

If we already have an Unreal trainer but they are not approved, can I still use them?

In order to become an Unreal Training Partner, you must have at least one Unreal Approved Trainer on staff (contracted or salaried). If you already have an Unreal trainer as part of your training team, they may apply online.

Do I have to attend the UTP Summit?

The UTP Summit is not mandatory, but is recommended for all UTP and UAT partners. The UTP Summit is beneficial for anyone involved in the Unreal Training Partner Program, and is an ideal opportunity to network with other approved training partners.
