YOU'RE READING IN THE WRONG DIRECTION!

If this is your first time reading manga, here's a diagram and quick guide on how it works!

Fortnite Treasure Hunters: The Rise of Rocky Rugahand is meant to be read from right to left, starting at the upper-right-hand corner. This means that the action, sound effects, and word balloons follow the reverse of the usual English reading order.

When in doubt, remember: ***right to left, top to bottom!***

THE RISE OF ROCKY RUGAHAND

Joined by his crew of Shirtheads, a reckless banana, and a strangely buff cat, Rocky Rugahand sails the high seas on his luxurious battleship.

While hunting for pearls and fighting pirates, he is constantly chasing a legendary treasure, hoping to one day reclaim his infamous *[and long-lost]* ***RUGAHAND!***

But, when the Shirtheads discover a mysterious intruder among them, who is chasing the exact same treasure, Rocky Rugahand is forced into an intense katana vs. bazooka fight... ***unlike anything you've ever seen!***
